

New Continuing Education Flex-plan Available through NCSEA!

For more information visit www.NCSEA.com

NCSEA has a new way for you to purchase webinars, to earn continuing education. Buy “in-bulk” and participate when you have the time! For only \$1,950*, you can have the choice of any 10 live or recorded** webinars, to study on your own schedule.

With access to over 20 recorded webinars (each includes a CD and Notes), plus at least 10 new ones added over the course of a year, this is a significant discount over the regular price of \$250 per webinar.

Sample topics and speakers include:

- Designing Buildings for Wind Load By ASCE 7-05 *Larry Griffis*
- Components of a Model QA Program *Cliff Schwinger*
- Tactics for Performing QA Reviews *Cliff Schwinger*
- AISC Seismic Provisions for Structural Steel Buildings *Jim Malley*
- Seismic Design in a Three Story Wood Light-Frame Structure *Doug Thompson*
- Foundation Design Using IBC Chapter 18 *Michael Valley*
- Cold-Formed Steel Light-Frame Three Story Structure *Doug Thompson*
- Wind Load Examples *Steve Kerr and Dan Werdowatz*
- Code Requirements for Structural Integrity *Ron Hamburger*
- Seismic Design of Concrete Wall Buildings -- Current Codes and Beyond *Joe Maffei*
- Tilt-Up Wall Panel with Openings *John Lawson*

~~\$250/webinar~~
\$195/webinar!

As a special bonus for SECB certificants, when you first receive certification or when you renew, you receive the option of purchasing 10 webinars** for only \$1,495*. This is a discount of over \$1,000 when you consider individual pricing at \$250 per webinar.

SECB:
\$149.50/webinar!

All live webinars are 1.5 PDH Diamond-Reviewed, meaning these hours are accepted as continuing education in all 50 states and by SECB.

AIA accredited as of September, 2008.

*Alternative pricing for 5 webinars: \$1100 or \$900 for SECB

**Recorded webinars are not eligible for continuing education in the state of New York or under SECB requirements. Only live webinars are accepted.
