

Minnesota Structural Engineers Association Young Member Group

MNSEA YMG Young Professional Dodgeball Tournament
Logan Recreation Center (Minneapolis, MN)
January 29, 2020

The MN chapter of MNSEA YMG hosted their Second Annual Young Professional Dodgeball Tournament on 1/29/20 in Minneapolis. Seventeen teams (over 100 people!) from architecture, construction and engineering battled it out dodgeball style in a double elimination bracket. Larson Engineering took home the 1st place traveling trophy with Mortenson awarded the 2nd place medals and the returning champs UMN ASCE taking 3rd place. Participants were able to network between matches to get to know other consultants and contractors. All are looking forward to next year's tournament!
