

Minnesota Structural Engineers Association Young Member Group

First Annual Young Professional Dodgeball Tournament

Minneapolis, MN

January 9, 2019

The MNSEA YMG hosted the First Annual Young Professional Dodgeball Tournament on January 9, 2019. Members from the entire Architecture/Construction/Engineering (ACE) industry were present to battle it out dodgeball style. A double elimination bracket was established and teams went head-to-head in a night of friendly competition. The purpose of this event was to build comradery in the ACE industry and encourage fun conversation between professionals that don't always interact on a day-to-day basis.

The ASCE University of Minnesota Student Chapter took first place and was awarded a rotating trophy. They'll be back next year to defend their title! 1st, 2nd and 3rd place teams were awarded medals. A happy hour at a local brewery was held afterwards.

Here is a list of all the awesome competitors we had that evening:

- ASCE UMN Student Chapter – Champions
- Kimley-Horn – 2nd Place
- MNSEA YMG – 3rd Place
- ASCE Younger Member Group
- IIDA Northland Chapter
- Meyer Borgman Johnson
- Terra General Contractors
- Cemstone
