

Structural Engineers Association of New York Young Member Group

SEAoNY YMG Holiday Party

Latitude Bar

December 5, 2019

SEAoNY's Young Members Group kickstarted the holiday season in style, continuing the tradition for the third year in a row with their Annual Holiday Party on Thursday, 5th of December, 2019 at a pub in Midtown west. With a little less than three weeks to go until Christmas and with everyone already in the holiday spirit, SEAoNY's YMG was able to host a sold-out party with 50 attendees from across the length and breadth of the Structural Engineering community within the Greater New York City region.

With a 2-hour open bar, Christmas props and games the Holiday party was not only a great networking event. It was a great opportunity to celebrate the achievements and hard work done over the year and to discuss the plans for the upcoming year. With this Young Member's Group just in its fourth year of formation, the enthusiasm for such celebratory events have boosted participation and volunteerism for the group.

SEAoNY would like to appreciate the arduous work done by its committee members and to everyone who contributed to the success of the event by coming out to celebrate with us. The enthusiasm demonstrated during the YMG's committee meetings and at the events over the passing year has helped garner a greater community feel within the YMG, bringing with it a greater forum to share ideas, help each other's growth and convert colleagues into future friends. We would like to wish a happy holidays to everyone and hope for a greater assemblance of fresh faces at our events in 2020 and the coming decade.
